TRA format - HD scoring

TRA panels each have six execution and 2 HD judges. HD judges will hold up one single score, calculated as the average of the two scores to two decimal places, in accordance with 18.2.6.3 of the Code of Points. For example:

- J1: 9.0
- J2: 9.2
- HD score held up = 9.1

Or

- J1: 9.1
- J2: 9.2
- HD score held up = 9.15

An additional '5' sheet will be provided for HD judges to hold up with their score card where needed.

For the avoidance of doubt, the average of the two HD scores must not be rounded up or down.

Missing officials and attire

If an official is unable to arrive for their slot, it is the responsibility of their club to find a suitable equivalently-qualified replacement.

If an official fails to turn up on time and is not replaced, a £25 fine shall be applied to the club.

Officials must present themselves in correct judging attire. Marshalls and recorders may wear club/casual sporting attire.
