Hi all, the regional committee have been tracking the weather forecasts and since in the past hour or so the warning has been elevated to an amber 'risk to life' status across most of England for most of the day tomorrow:

... we now feel that the responsible course of action is to cancel the event. We apologise to all competitors and coaches who will have been working up to this event but the thought that somebody might be seriously injured (or worse), simply because they felt the need to travel tomorrow, was not one we could ignore.

If it is possible to reschedule we will do so although this is unlikely to happen.

We will be discussing with ECGA other options including automatic qualification for those unable to compete tomorrow and refunding or rolling over of fees to the next competition - since ECGA hold the fees, we are not able to commit further at this time.

Can each club please acknowledge receipt by emailing committee@trampoline-east.org by return,

Thanks

DaveK

Hi Dave,

All received and updated our website and emailed gymnasts.

Will there be an article for updates on trampoline east website?

Thank you for letting us know it sounds like the right decision. I think you are right that if it can't be rescheduled automatic qualification might be the only fair way. Maybe a video sent in to check that they meet minimum standards but then that would involve a lot of work for some of the judges?

Hi Dave

I was wondering when the decision might be made about the automatic qualification to the Semi-Final, as I am trying to get organised with the entry form and don't want to be rushed.

Many thanks for your time on this matter.

Much appreciated

Charlie
