

Virtual Committee Meeting January 2020

The Trampoline committee have been trying a variety of ways of coming together to make recommendations to promote trampolining in the region.

We have been communicating through January by round robin emails discussing specific topics which have been summarised below:

Competitions 2019/2020.

NDP1 Harlow, went well.

Issues to be looked at around First aid provision

East Region Championships.....following committee vote, this competition to be held every other year, this will be the opposite year to the Dave Ward Hunt cup.

To continue using an open structure but this to be looked at in light of feedback from clubs. Next East Region Championships to be Nov 2021.

Competitions 2020/2021

Harlow is available for NDP 1 11th October 2020

Colchester Leisure World looking to see whether available for February 2021

Contact made with Cambridge re Regional Team Finals in March.....awaiting response, if centre available then approach will be needed to the Trampoline club re use of equipment.

Coach and Performer Development.

Discussions about how to promote both coach and performer development in the region, and what topics would benefit both groups.

The committee looked at the stats from the British Championships and while East Region has become very successful in TRA at NDP levels, there are very few East performers at Spring Series, British Champs level.

Tony Fagelman has been asked to discuss with Paul Greaves a possible programme to look at assisting coaches to allow performers to bridge the gap from NDP to British and an initial development programme.

Other programmes, following suggestions from coaches in the region may progressed at a later stage.

Provisional plan to have up to 3 Coach / Performer development sessions per year.
